### LETTER OF RECOMMENDATION

14<sup>th</sup> August 2023

I enthusiastically offer this letter in support of Rohit's application for the employment at your firm. Rohit was our intern during July 2023. I found him to be a creative and industrious student who showed a natural flair for both Web development and design and unsurprisingly, he did a good job for us.

I understand that the interns are responsible for researching novel topics with limited supervision or support. In our internship, he was regularly tasked with tackling new challenges, relying on the internet and collaboration with other interns to get the work done. Rohit exhibited expert-level skills and demonstrated a group-work that is rare among undergraduates.

While we have many interns working with us every year. I can remember few as talented as Rohit. I have no doubt that he will be successful in your organization and offer my unqualified endorsement.

Thanks and Regards,
